

WEDDINGS & EVENTS

Wedding/Event coverage is priced according to the specifics of the assignment. In other words - we do not have a "minimum order requirement". Quotes will be prepared and coverage set for the specifics of your day. No wedding or event is too small or too large. Quotes may be prepared in a package format or a-la-carte.

The first consideration in preparing a quote is the amount of photographic coverage needed. How long will you need a photographer at your event? Will there be extensive travel to and from locations? The next consideration in preparing a quote is the finished product. What do you wish to have from your photographer? Are you looking for albums to be made? Are you simply looking for a variety of images from which you may only select a few to display in frames throughout your home? Are you creative and hoping to build your own album? Are you looking for digital files only? A quote will be prepared specifically for your needs. Very basic initial photographic coverage begins at \$150.00. Full-day and/or multi-day events will be priced accordingly.

Custom albums are available in many styles & sizes. The traditional album with 1-8x10 per page is an option. However, clients today are shifting interest toward a more contemporary look. Story-telling albums combining multiple images of various sizes has become very popular. Every wedding/event is unique. Cookie-cutter albums are not the right choice for everyone. Some events are intimate family gatherings with a short ceremony and limited posed photos taken in an hour. Photographs from a small wedding/event may be best suited for a smaller album. Some weddings/events are huge. Generally, many more photographs are taken at larger festivities and a larger album will be needed. The album sizes we offer are 6x6, 8x8, 10x10, and 12x12. Obviously, a larger album with a lot of photos will cost more than a small album. Please do not hesitate to contact the studio to discuss the many options in greater detail. To view samples of our album styles please click on the following link:

You are not obligated to purchase an album. Please see "Special Event Photographs" price list if you are simply looking for photographs to frame or display in your own album. If you prefer to take total control over your images you may choose to purchase the complete set of original un-retouched digital files. This option may be incorporated into the initial photography fee or may be ordered later. The cost of the complete set of un-retouched digital files will be based upon quantity of images.

Please do not hesitate to contact the Heidi to discuss *your* photographic needs.
